Breaking the Leviathan Conspiracy

Part Four: The Eternal Purpose of Natural World

The Gate of the Spiritual and Natural Realm

In our last lesson on the “Eternal Purpose of the Natural World” we concluded with several questions, we will continue this lesson by answering these questions by the revelation of Holy Spirit.

- 1) **What is the Gate between the spiritual and natural realms?** Mankind. When God gave humanity dominion over the Earth, He limited His actions in the Earth by this Absolute, Eternal Word. God created man to live in both dimensions of spiritual and natural; only through mankind can that which is spiritual become manifest in the natural. The primary way mankind becomes the Gate is through worship; mankind, by worship, establish sites that he deems sacred for the purposes of linking into the spiritual world. When these sites are used for the worship of false gods, it grants these demon spirits ownership of these sites and they keep the site in a false “sacred” state. Sites used for the worship of God may or may not remain sacred for this purpose; generally, the initial worship of God at a site was true; however, these sites revert to false gods by the religious corruption of those who once worshipped God at the site. Review the verse we used in the beginning of this lesson:

*Gen 21:33 Abraham planted a tamarisk tree in Beersheba, and there he called upon the name of the LORD, the **Eternal God**.* NIV

Abraham plants a natural tree in the natural Earth and worships God at this place. Note the following concerning Beersheba after years of religious corruption has taken place in Israel:

Amos 8:14 They who swear by the shame of Samaria, or say, 'As surely as your god lives, O Dan,' or, 'As surely as the god of Beersheba lives'-they will fall, never to rise again." NIV

- 2) **How is this Gate to function whereby the spiritual realm becomes visible in the natural realm?** Every obedient act, no matter how small, of a Blood-redeemed saint of God brings the Eternal Reality of God into the natural sphere of the saint; obedience is a worship and faith-linked action which grants the Spirit of God permission to enter the spheres of the natural without trespassing on mankind’s God-granted ownership of these spheres. The extent of this function is directly connected to all the spheres a saint is legally linked to within the home, workplace and community. This is why obedience in the natural sphere is such an initial powerful response of intercession; on the basis of the saint’s obedience Holy Spirit empowers the Word the saint obeys; this enables Holy Spirit to now move horizontally to make the spiritual content and power of the Word obeyed work in the saint’s spheres. Each act of

obedience builds upon previous acts since the act becomes an eternal function of the saint; the amazing impact of this reality is that true spiritual maturity is nurtured by obedience to the Eternal Word enabling the saint to become more cognizant of and functional in the Eternal Sphere of Life even while living in the natural world.

- 3) **As the spiritual realm of Eternity in God becomes visible in the natural realm, what happens to the natural realm?** The veil of vanity on the natural sphere begins to lift off of the natural sphere revealing its real eternal nature as created by God in the beginning; thus the generational influence of evil in the natural sphere is cut off by the boundary Holy Spirit sets around the spheres “owned and operated” by the eternal, Blood-redeemed saint of God. Solomon said: *He that diggeth a pit shall fall into it; and whoso breaketh an hedge, a serpent shall bite him* (Eccl 10:8). In the context of this verse, the “hedge” is a boundary set between the living, family sphere of a person and another sphere where serpents lived; in our lessons on the Eternal versus Everlasting, we realized several important truths: a) both realms are first spiritual in substance; b) in the Eternal Realm, the inhabitants include God, Father, Son and Holy Spirit, the angels of God and redeemed humanity; c) in the everlasting spiritual realm exists all the power, principalities, demons, and fallen angels along with unredeemed humanity; and d) the Boundary Line between these realms is the Bloodline of Christ established on the Cross. The lifting of this hedge is not just with respect to the individual’s personal sphere, but includes all that is influenced or owned by the individual; study the following verses to see this reality:

Job 1:9 "Does Job fear God for nothing?" Satan replied. 10 "Have you not put a hedge around him and his household and everything he has? You have blessed the work of his hands, so that his flocks and herds are spread throughout the land. NIV

Isa 5:5 Now I will tell you what I am going to do to my vineyard: I will take away its hedge, and it will be destroyed; I will break down its wall, and it will be trampled. 6 I will make it a wasteland, neither pruned nor cultivated, and briers and thorns will grow there. I will command the clouds not to rain on it." NIV

- 4) **What are the functions that bring the eternal, spiritual realm into the natural realm?** In No 2 above, we revealed two primary functions of obedience and faith-provoked worship; however, the functional aspects of eternal life are as broad as the eternal attributes of King Jesus. When we are properly and Biblically equipped as saint intercessors and, under the leadership of Holy Spirit, release the attributes of Christ into all dysfunctions within our multiple spheres several things happen: a) these holy attributes become functional within the saint who utilizes them; b) they also become functional within the dysfunctional element; c) the dysfunctional element is destroyed by the Power of God with His divine Solution; and d) the Solution of God also impacts the environment around the saint and changes the everlasting nature of this environment into what it once was: the eternal environment created by God-it is in this manner that the revealed sons of God answer the groans of eternal creation.

For example: Let’s say there is unresolved fear within our personal sphere (our soul); trying to resist this fear, which is most often generational, only strengthens the fear dysfunction. Fear is more than a demon; it is also the operational platform of the soul and the instructions that make

the platform work. This fear affects the environment of the saint with the malignant virus of death in all forms; this environment can be “felt” by those who enter it. The only way into eternal freedom is through God’s Solution. In this case, we know from Scripture that “perfect love” casts out fear. The perfect love of God entered our lives, in fullness, the moment we opened our spiritual heart to God the day we were redeemed by the Blood. We now have dwelling within the Perfect Solution for all fear; now, we can access this Solution and release it by intercession into the dysfunction of fear. This type of intercession is something like this:

“Father, I thank You for saving and redeeming my life through the Blood of Christ and filling my life with Your Perfect Love; in Holy Spirit, I see unresolved fear that keeps me captive, as a prisoner of war, to my fear filled history; out of Your Perfect Love I release the Blood-covered, Perfect Love of Christ into this fear stronghold and demolish all of fears arguments, theories and reasonings within my soul; I say to all fear “OUT” in the Power of Jesus’ Love for me! I declare by His Blood-covered Eternal Life, I AM FREE and for freedom He has set me free! Amen!”

Everlasting fear and all associated demonic activity is eliminated and replaced by the Solution of God’s perfect Love; the environment within the soul and life is transformed by eternal, perfect love; as often as we release Christ’s attributes into our soul dysfunctions like this, what we release of Eternal God begins to impact and change the spiritual and natural environment within and around us. Eternal life and love gradually becomes more real than anything else in our spheres and we begin to live as eternal, supernaturally, new creatures in King Jesus able to conquer all other kings in the Blood-covered Solution of God.

- 5) **Who now holds the title deed to the natural realms of Earth?** The answer depends on whether the defilements of the natural realms have been removed; if not, then the false gods who have gained “ownership” through human worship will continue to operate as though they own the landscape. As long as they own the natural realm, the natural realm remains subject to the idolatrous actions in the landscape. When Kingdom saints awaken to Biblical realities of eternal life and ownership, in Christ, of the fullness of planet Earth, they can then evict through the Blood of Christ these false, trespassing owners and release the environment in these defiled places from pollutions of all kinds. The Bible says this: *[God] disarmed the principalities and powers that were ranged against us and made a bold display and public example of them, in triumphing over them in Him and in it [the cross]* (Col 2:15 AMP). When did God do this? The moment when the only innocent man on Earth died by the outpouring of His Blood; now God could execute His Curse upon all who conspired against the Son according to the eternal Word “*Cursed is the man who accepts a bribe to kill an innocent person.*” *Then all the people shall say, "Amen!"* (Deut 27:25 NIV). This includes “anyone” involved in this heinous act of treachery and ultimate betrayal; namely, Satan and all his hordes. Now the fullness of the ownership of Earth is restored to the One who has copyright legal claim to it and too all of His Decendants.
- 6) **How do these entities legally hold this deed?** By false worship and the primary defilement of idolatry, demons and spirits of wickedness can “own” and influence and function on and in the planet; however, they do not own the planet itself. They will own the right to use the planet until the rightful heirs of the Creator stand up, in true worship of God, and judge their probate

rights to not only the planet, but the legal ownership rights of use and enjoyment of the environment of the planet.

When the eternal sons of God awaken to the eternal fact, as written, they are the legal heirs of the Earth; they cannot change the everlasting veil of corruption that has become a shroud of death over the planet. However, when do awaken, and become the Living Gate for the eternal of God to enter the environment of Earth, the specific sphere of the Gate will be restored to its original condition free of the virus and corruption of evil.

To all Blood-redeemed saints of God we say “*ARISE [from the depression and prostration in which circumstances have kept you--rise to a new life]! Shine (be radiant with the glory of the Lord), for your light has come, and the glory of the Lord has risen upon you! For behold, darkness shall cover the earth, and dense darkness [all] peoples, but the Lord (has risen) upon you, and His glory shall be seen on (in and through) you*” (Isa 60:1-2 AMP).
