

Qualified to Conquer

An E-Newsletter of Red Earth Church in the Wilderness and Day Chief Ministries

Volume One, No 1, September 7, 2008

Introduction

In 1997, Holy Spirit led us by many means to move to the Bighorn Mountains in the heart of the Crow Nation; on November 1 of 1997, we made the break from our previous location on the Flathead Reservation in west-central Montana and moved to a place near the small village of Fort Smith on the Bighorn River and the Yellowtail Dam. At first, we struggled with the idea of moving to this location for the purpose of ministry since the resident population of the village is less than 200. In the summer, the population does increase from an influx of lake and river fisherman, but it quickly dwindles once the weather turns cold in late Fall.

Our home is located a hundred yards up the hill from Faith's parent's house; they are the only other residents in the little mountain valley we occupy. For the first three days of living in this place, our faith was severely tested since we could not fathom how we would be able to develop the ministry and the income necessary to establish the vision Holy Spirit wanted; after this severe three day testing, Holy Spirit has opened up for us a "new" way of ministry that keeps unfolding today. We no longer doubt how Holy Spirit will accomplish the tasks He has set before us since He has linked us with ministries and elements of the Body of Christ throughout the nation.

More importantly, He, from the first moment of our being set in this place, has opened for us understandings and insights of the Plan of God through the wisdom and revelation of His Word. We have set some of these revelations in our first three publications: "*Thy Kingdom Come Thy Will Be Done IN Earth: A First nation Perspective on Strategic Keys for Territorial Deliverance and Transformation,*" *Activate My Spiritual Heart, Oh Lord!*" and "*Breaking the Serpent Code: A First nation Perspective on healing DNA!*" We are continuing to write these revelations in our third major work called "*Qualified to Conquer Beyond the Impossible.*" This last work we hope to publish late in 2009. We have self-published all of these works since they are not written for the seeker sensitive, casual Christian, but for those who desire to become true worship-warrior sons of God.

Ministry Update

We have established, as a fellowship, the Red Earth Church in the Wilderness, which is our covering for all of our ministries especially Day Chief Ministries. We continue to be linked to the prayer movement through our relationships with the International Coalition of Apostles, where we sit on the Apostolic Council of this organization, the US Alliance for Reformation where we are coordinators for the Crow Nation, the Pray! Big Sky Net an affiliation of the Reformation Prayer Network where Jim is a member of the Apostolic Council and Faith is the state coordinator for Montana. We are also in relationship with many prayer groups and ministries within many states.

In our role with the US Alliance for Reformation coordinators for the Crow Nation, we have succeeded in bringing several of the senior prayer leaders of the Crow Nation together in what they have called the *Apostolic Asheta'ale Alliance*. *Asheta'ale* is a Crow term which means "my home place;" it is the term used when describing the four corners of a lodge (teepee) and the four corners and territory of the Nation as set by the 1851 Treaty at Fort Laramie, WY. The authority of the members of this group is exemplified by one who was the former Speaker of the House for the Crow Legislature and is now a candidate for the Chairman of the Nation; and one is a candidate for the Montana State Senate. We have

equipped this group for over a year and a half and continue to under gird them to become, in a real manner, the council of spiritual elders of the Crow Nation.

During the first part of this year, we have equipped and under girded prayer initiatives focusing on the spiritual powers which are manipulating the political agendas of those who aspire to be president of the USA. For our first initiative, we partnered with prayer groups in Arkansas and broke the occult link which was powering the first presumptive candidate for the Democratic Party. Then we continued to work with groups in the Mississippi Valley region and Illinois to break the occult link for the Democratic Party's current nominee.

Equipping the Body for the Work of the Ministry

In this and future newsletters, we will include some of the revelations Holy Spirit blesses us with as equipping lessons to be a blessing producing increased freedom and maturity in your life. We need to make sure, however, that you know that many of these revelations do not fit in the box of human, religious doctrines and will challenge many of the religious mind sets and conditionings that have placed barriers between the spirit and soul in our humanity. Our first series of revelations will center on the topic of "Breaking the Leviathan Conspiracy."

In future editions of our newsletters, we will we will address the topics of the multi-facets of intercession: Stewardship Intercession, Evangelistic Intercession and Confrontational Intercession; The Conscience Factor of Faith; and open up the areas of Understanding the Tabernacle of David. If you are interested in receiving these newsletters, please send us an email letting us know; all future newsletters will be in the form of E-Newsletters. To receive them we must have an email address to send them to.

In the fullness of our Heavenly Father's love, may the many rich and spiritual blessings in Christ be yours in increasing favor and blessing,

Jim and Faith Chosa
